

Wallingford Energy Conservation Commission
Nov 28, 2011 at 7:00 p.m.
Town Hall Room #116
45 South Main Street, Wallingford, CT

Agenda

Attendees: Troy Searcy, Mary Mushinsky, Bill Pursell, John Lynch, Sharon Mooney, Ben Martin

The meeting commenced at 7:30 PM

The minutes from the meeting of 10/24/2011 were approved.

John gave us an update on the school roof building committee. They are waiting on final designs and cost estimates that should be available by the end of Nov. These designs will include 4 solar installations.

Sharon & John provided a proposed outline of potential meeting with the mayor. They spoke with Mayor Dickinson at the open house by IBEW on solar installations and he was open to meeting with us. Commission should research examples in CT of renewable energy projects that succeeded.

Mary reviewed the contents of the report on WECC activities and accomplishments for accuracy with the rest of the commission members.

The commission discussed organizing a event for the Earth Day 2012.

Sharon spoke with Beth Devlin from the library and was told the library could sponsor a film or provide a room for an event. Sharon will contact her to find out what dates are available in late spring. Several ideas were brought up for possible exhibits: Spinning Green, PUC, Proton Energy, Choate, Lighting Demo, and Sheehan Science Dept.

Ben brought up Solar Mosaic which works to fund solar installations though small citizen investments.

Commission resolved to meet again on Dec 19 at 7:00 PM

Meeting adjourned at 9:06.
