

Wallingford Energy Conservation Commission
March 2, 2015 at 7:00 p.m.
Town Hall Room #116
45 South Main Street, Wallingford, CT

Minutes

Attending: Mary Mushinsky, Ben Martin, Bill Pursell, Matt Gunter, Sharon Mooney

Meeting commenced at 7:15

The commission approved the meeting minutes from Feb 4, 2015

The commission approved a letter to request information from the Zoning Board of Appeals about the solar project at Meriden Markham Airport and to express support. Bill will send the letter within a week.

The commission discussed hosting a display on how to save energy at the Health & Fitness Fair at Mark T Sheehan High School on April 22. Several ideas for exhibits were discussed including:

- Exercise cycles which produce electricity
- Solar Panels & Green Buildings with IBEW
- Energy Saving Pamphlet
- School Energy Savings Charts
- How homes can go solar
- Electric Assist Bicycles
- Healthy Cities Alliance

We also discussed getting a banner for the WECC to display at events.

Commissioners will research items for exhibit.

The commission discussed the town of Wallingford getting more electric car chargers and if the PUC has data on the usage of the charger installed in John St parking lot. Mary suggested asking the library if they would be interested in having a charger in their parking lot. The commission agreed it would be a good idea.

Bill has been communicating with a student interested in a Capstone project on solar energy. Mary suggested having them write a grant to fund connecting and securing the energy kiosks in the school system to display energy use information and energy production from the solar arrays. Bill will share any communication received.

Meeting was adjourned at 8:25 PM
