

Wallingford Energy Conservation Commission  
April 6, 2015 at 7:00 p.m.  
Town Hall Room #116  
45 South Main Street, Wallingford, CT

### Minutes

Attending: Mary Mushinsky, Ben Martin, Matt Gunter, Sharon Mooney,  
Bill Pursell(by phone)

Meeting commenced at 7:05

The commission approved the meeting minutes from March 2, 2015  
The commission discussed plans for the Health & Fitness Fair at Mark T Sheehan High School on April 22. The IBEW solar display truck is confirmed and will be parked near the entrance to the fair. We will also need electricity for a light bulb comparison device. Matt produced a pamphlet on ways to save energy in your home, we will have 100 or so printed for the fair. Ben will complete the Healthy Town/Healthy Climate Pledge and print that out as well. We also discussed putting the documents online for people to download. Bill will draft charts on the school energy use to have them available. Ben will talk to Wallingford Bike Barn about electric bikes and any other info they want to share. Setup starts at 4:00 PM and the fair goes until 8:00 PM

Mary shared a letter from Stop & Shop requesting some information on electric vehicle chargers. Matt & Mary will work on a response to answer their questions. Ben will call the PUC to find out who is using their charger, whether it is available to the public and if they are tracking usage data. Sharon will ask Jane Fisher at the library if they would be interested in having a charger and where they think it could be installed.

The commission also discussed the solar project at the Meriden Markham airport that was rejected by the Wallingford Zoning Board of Appeals. Ben will check with the ZBA and the company to see if they will reapply.

Meeting was adjourned at 8:20 PM
