

Wallingford Energy Conservation Commission  
July 7, 2014 at 7:00 p.m.  
Town Hall Room #116  
45 South Main Street, Wallingford, CT

### Minutes

Attending: Mary Mushinsky, Ben Martin, Sharon Mooney

Meeting commenced at 7:15

Ben distributed the certificates from the Power of Change Honorable Mention award received on June 17th. Ben will share the press materials with media outlets including the Record Journal, Front Porch News, and New Haven Register.

The commission continue discussion on improvements to the school heating systems. Ben will research alternate heating systems because Justin Cody has not responded to calls or emails and ask Bill if he got a respond from NXEGEN about an analysis after the previous school project.

Ben will attempt to find out if Justin is still interested in the commission by contacting UIC Energy.

The commission will contact Jim Whitaker, Energy Manager for Milford Public Schools, to see if the methods they used to save 40% on energy can be replicated in Wallingford.

The commission will contact Stamford school system because they switched to 100% LED lighting.

Mary informed the group that DEEP can redirect funding for electric car charging stations from pollution fines if we can find a business or building to host the station.

The commission will meet again on July 28, 2014
