

Wallingford Energy Conservation Commission  
August 29, 2012 at 7:00 p.m.  
Town Hall Room #116  
45 South Main Street, Wallingford, CT

Attendees: Mary Mushinsky, Sharon Mooney, John Lynch, Bill Pursell, Ben Martin, Troy Searcy

Meeting Commenced at 7:15 PM

The minutes of the July23 meeting were approved.

The WECC Activity report was discussed with some edits suggested.

Document will be updated and possibly approved by email for distribution.

The Commission also discussed its role making the recommendations in the Municipal Building Energy Audit report are implemented. The commission decided to contact Rick Hendershot at the Wallingford Electric Division to see if he knows the status of the project. Also discussed goals of setting up status meetings to track progress of energy improvements with proper personal from town departments.

Jon informed the commission that the Wallingford School roof installations are to be completed on time and the solar systems will be delayed until next year due to problems with the condition on the roof.

The meeting schedule was permanently changed to the 4th Wednesday of every month.

Ben reported that the Choate Kohler Environmental Center replied that they were planning an open house in the near future and would stay in touch with more information.

Bill reported that Superintendent Menzo replied that the Energy Management terminal installation for the school system was postponed until the solar system is installed.

Mary discussed plans to hold an educational forum on energy efficiency with reps from gas, oil, solar and other energy companies.

The commission discussed restarting some projects referenced in the activity report.

Meeting was adjourned at 8:27 PM.
