

Wallingford Energy Conservation Commission
September 30, 2013 at 7:00 p.m.
Town Hall Room #116
45 South Main Street, Wallingford, CT

Attendees: Mary Mushinsky, Ben Martin, Bill Pursell, Sharon Mooney

Meeting called to order at 7:19. The meeting minutes for August 26, 2013 were approved. Format of letter to Mayor Dickinson concerning municipal building audits was approved. Ben will send WECC letterhead to Bill for use on letter.

Mary talked to mayor in regards to electric car charging stations in Wallingford. He need more information before taking action. There are 2 grants available for installation. The town has the option of administering the station internally or hire a vendor to handle billing. Ben created a presentation for the Economic Development Committee to ask for their support.

Ben shared an article on Long Island municipal utilities encouraging distributed solar and renewable energy to strengthen their finances. The commission agreed that this should be shared with the PUC. Ben will find out when they meet and suggest presenting this information. Mary suggested this would advantageous for the west side of town that does not have access to natural gas.

Meeting was adjourned at 7:49 PM.
