

Effective immediately – July 6, 2016

In recent months, Dept. of Public Works (DPW) has found numerous times the parks totally trashed with bottles, cans, trash, and other debris. DPW has had to spend considerable amount of time to clean up. Park & Rec will implement immediately a new rule requiring a \$100.00 (cash only) maintenance deposit fee at time of payment which will be non-refundable if the park is not left clean and litter free in and around the pavilion area. All debris should be placed in the trash receptacle. Dept. of Public Works (DPW) will visit the park and either approve/disapprove the site. The deposit will be fully returnable if DPW approves the site.

Please NOTE: Parks are alcohol free. Please do not leave caps, tops, bottles, and cans on the park ground or pavilion area. Thank-you!!!
